How to Make

1. **PRINT**: Print the file on regular US Letter printer paper.
2. **TRIM**: Cut the right white margin off **Page 1**, right up to the design.
3. **GLUE**: Apply a thin layer of glue along the left edge of **Page 2**.
4. **ALIGN & PRESS**: Overlap the trimmed edge of **Page 1** onto the glued side of **Page 2**, lining up the border and design lines until they match seamlessly. Press down smoothly to secure.

No-glue alternative: Line up the two pages so the design matches, carefully flip them over, and run a strip of clear tape down the back seam where the sheets meet.

Terms of Use

We designed these printables to add a little ease and beauty to your everyday life and we're so thrilled to share them with the Alesing community. To help us protect the time and heart poured into our designs, we ask you to follow these simple guidelines.

Whether you're using them at home or incorporating them into your professional practice, you're all set!

✅ **You may:**

- Download and print for personal use within your household.
- Print and use these materials in professional settings, including classrooms, therapy, 1-on-1 sessions, or group work.
- Share the original resource link to **alesing.com** with family and close friends.

🚫 **You may not:**

- Share or upload the raw files online (e.g., websites, public drives, newsletters, or social media)—please share the direct link to our site instead so others can discover us.
- Recreate, edit, remove our branding, or sell any part of our work.

Have any questions? You can contact us **here** anytime.

We love seeing our resources in action! Feel free to snap a photo, share it, and tag **@alesingthings**. Thank you for supporting independent creators and helping us grow the Alesing community.

– Alessia & The Alesing Team
